

# Moiza Aleem

As a dedicated and ambitious student of Computer Science heading towards the completion of Bachelor's Degree with a strong academic record, I am excited to embark on my career in the field of web development. With a solid foundation in HTML, CSS JavaScript, Bootstrap and React JSX, I am able to utilize my skills in crafting a dynamic and aesthetically pleasing user-interfaces. My journey has now led me to explore backend development, where I am gaining proficiency in .NET and SQL. Beyond web development, I am also enthusiastic about WordPress development, content creation, and SEO optimization. However, my passion for creating engaging and user-friendly web experiences, combined with my dedication to continuous learning and improvement, makes me a highly motivated and adaptable candidate ready to contribute to the dynamic world of software development.
